YES! I want to join SSCA in this mission. \$15/individual \$30/family
You can count on me to help preserve Springdale School for future generations. I realize that everything helps.

YES! I want to help with the cost of getting through the Multnomah County land use hurdles to convert Springdale School to a community resource. I understand that this cost is ***just to find out what will be needed*** to convert the campus to a community facility. The Community Center will only happen if we jump through this hoop. If the costs of code upgrades turn out to be prohibitive, however, we will probably choose not to continue with the project.

YES! I want to help save Springdale School for the community by purchasing it from the Corbett School District. This will only happen if we get through the land use hurdles and decide that this is something we think is possible. If we can't make it happen, all upgrade and purchase donations will be refunded.
